

Sofa SILENCE

DESCRIPTION: two seats sofa design for public areas composed by two lateral shaped wings joint to a back-panel and a seat. Monolithic cushion seat, armrests, lumbar supports and back rest cushions in variable-density polyether. Anti-skid nylon feet. Placement layout of lumbar supports and back rest cushions as in the renders or at client discretion. Thanks to the outstanding acoustic qualities of the polyether and its function as a visual screen, it creates a peaceful oasis, especially in spacious living areas

STRUCTURE: poplar throughout plywood of indifferent thicknesses

FOAMS: variable-density polyether made in Italy

FABRICS: 100% TREVIRA CS fire-retardant
